Morton's Celebrated Gold Pen—Impenetrable  
and impervious to water, unbreakable, Gold Pens, and se-  
cured to the subscriber by Letters Patent, have enabled him to  
overcome many important difficulties unavoidable in their  
production, and also to bring the cost within the reach of all.  
The writing public are now in full possession of the secret  
of the pen's durability, and its value is due entirely with Gold Pens than with  
steel; therefore, it is economy to use Gold Pens. The Gold Pen  
remains unchanged by years of continued use, while the Steel  
Pen is ever changing. The Gold Pen is the only pen that  
can be used in any climate, and is obtained only by the use of the Gold  
Pen. The Gold Pen is always ready and reliable, while the  
Steel Pen must be often condemned, and a new one started  
from time to time. The Gold Pen is capable of receiving any degree of  
script, and is equal to the hand of the writer; therefore, the novelty of the hand and arm is lost, in using  
the Gold Pen, at prices varying from 25 cents to \$100, according  
to size, the average wear of every one of which will outlast a  
pen of the best Steel. Sold by all dealers in New York, and  
throughout the country. Address, J. A. Morton, at the corner of No.  
25 Madison-st., where all orders, including cash or post stamp,  
will receive prompt attention; add a fee of 1 per cent. for  
value and services according to description, will immediately be  
sent by mail or otherwise. A. MORTON, No. 26 Maiden-lane, New-York.
